## JOCASSEE *Series 5*

The Jocassee series is designed, first and foremost, for maximum family comfort. The A-frame styling, expansive glass and vaulted ceilings welcome the sunshine in to warm your home, while optional expansive decking offers plenty of privacy and lots of space. The series offers three and four-bedroom options ranging from 1,914 to 2,346 square feet of living space.

The homes' kitchen, adjacent to the dining area, features solid surface counter tops, making family meals fun and easy. The master suite offers double sinks and a whirlpool tub. The loft area features additional bedrooms and ample space for additional storage.

NOTE: The model pictured above represents an example of a home in this series, not an exact replica of the home you will have built. Each of our homes are customized for the buyer and it is possible that they will differ from one another.
